INDEX TO VOLUME III

A

Aberrant thyroid tissue in the trachea, case of, 48
ACTH evaluation of adrenal cortical function, 87
Adrenal cortical function, evaluation of, by use of adrenocorticotrophin, 87
Adrenocorticotrophin, evaluation of adrenal cortical function by use of, 87
Agar-rope technique for estimating penicillin in liquids, 51
ALSCHE, W. J., *see* JULIUS, H. W., and ALSCHE, W. J.
Anhydrase, carbonic, urinary excretion of, 142
Antibiotic testing, simple inoculation rack and modified technique for, 372
Antibiotics, dried disc technique for determining sensitivity to, 118
Aspirated bone marrow, multiple cultures from, 157
Association of Clinical Pathologists:
  Branch reports, 86
  43rd Scientific Meeting, 175
  44th Scientific Meeting, 374

B

Bacteriological media, some effects of nitrates in, 356
BAILEY, N. T. J., *see* MARKS, J., BAILEY, N. T. J., and GUNZ, F. W.
Barbiturate drugs, identification in gastric contents and urine, 152
BENNETT, A. E., *see* SANDERS, C., and BENNETT, A. E.
—— *see* SANDERS, C., PARRY, K. C., BENNETT, A. E., and GEISOW, J. C. H.
Bilirubin, determination of, with precipitation of the plasma proteins, 248
—— renal threshold for, 271
Biotin, daily excretion by normals, 69
Blood cell pipette shaker, magnetically operated, 367
—— cultures, microtechnique for, 74
—— films, a mechanical aid in making, 168
—— from the ear, leucocyte count in, 146
—— pipette shaking machine, 164
—— —— —— —— mark II, 370
—— transfusion, exchange, a two-syringe method for, 77
Bone marrow cultures, multiple, from a single aspirate, 157
—— —— in Hutchison's syndrome, 230
—— —— red, in heart failure, 24
BOOK REVIEWS:
  Burrows, W., *Jordan-Burrows Textbook of Bacteriology*, 15th ed., 1950, 294
  Dacie, J. V., *Practical Haematology*, 1950, 293
  Whitby, Sir Lionel, and Britton, C. J. C., *Disorders of the Blood*, 6th ed., 1950, 292
  Wright, G. Payling, *An Introduction to Pathology*, 1950, 292
BREWS, V. A. L., *see* TARNOKY, A. L., and BREWS, V. A. L.

C

Carbonic anhydrase, urinary excretion of, 142
CARLINFANTI, E., and MOLLA, W.: Simple and precise technique for the titration of haemagglutinins, 72
Centrifugal filter for sterilizing small amounts of fluid, 67
Coagulation, consumption of prothrombin during, 130
Complement, destructive effect of traces of zinc salts on, 363
—— fixation test for herpes simplex infections, 239
COOK, G. T.: Plate test for nitrate reduction, 359
—— and KNOX, R.: Some effects of nitrates in bacteriological media, 356
COOPER, T. V.: Case of aberrant thyroid tissue in the trachea, 48
COXON, R. V., *see* KING, E. J., and COXON, R. V.
Creatine and guanidoacetic acid metabolism in pituitary disease, 345
CUMINGS, J. N.: Creatine and guanidoacetic acid metabolism in pituitary disease, 345

D

DARK, F. A., *see* SELWYN, J. G., and DARK, F. A.
Disc technique for antibiotic sensitivity, 118
Dried disc technique for determining sensitivity to antibiotics, 118
DUDGEON, J. A.: Complement fixation test for herpes simplex infections, 237

E

Ear, leucocyte count in blood from the, 146
Electrophoresis, estimation of serum protein fractions by, 260
ELEK, S. D., *see* HILSON, G. R. F., and ELEK, S. D.
Exchange blood transfusion, a two-syringe method for, 77
Excretion of riboflavin, biotin, pantothenic acid, and nicotinic acid derivatives by normals, the daily, 69

F

FITZPATRICK, J., and TOMPSETT, S. L.: Daily excretion of riboflavin, biotin, pantothenic acid, and nicotinic acid derivatives by normals, 69
Fractionation of serum proteins using sodium sulphate, 266
FRIEDMANN, I., *see* HOWELLS, G. H., and FRIEDMANN, I.

G

Gamma globulin, serum, simple visual turbidimetric estimation of, 284
Gastric contents and urine, identification of barbiturate drugs in, 152
Giant cell granuloma associated with lesions resembling polyarteritis nodosa, 220
—— —— —— of anterior pituitary, hypopituitarism in male due to, 122
GEISOW, J. C. H., *see* SANDERS, C., PARRY, K. C., BENNETT, A. E., and GEISOW, J. C. H.
GLIKIN, T., *see* RAPPAPORT, F., and GLIKIN, T.
Globulin, serum gamma, turbidimetric estimation of, 284
GOVAN, A. D. T., *see* MUKHERJEE, C. L., and GOVAN, A. D. T.
Granuloma, giant cell, associated with lesions resembling polyarteritis nodosa, 220
—— of anterior pituitary, hypopituitarism in male due to, 122
Gravimetric determination of pregnanediol in urine, 287
Guanidoacetic acid metabolism in pituitary disease, 345
GUNZ, F. W., *see* MARKS, J., BAILEY, N. T. J., and GUNZ, F. W.

H

Haemagglutinins, simple and precise technique for the titration of, 72
Haemolysis, intravascular, simple test for detection of, 142
Haemophilia, laboratory diagnosis of, 301
—— prothrombin consumption defect in, 130
Heart failure, the red bone marrow in, 24
Herpes simplex infections, complement fixation test for, 239
HEWITT, L. F.: Simple inoculation rack and modified technique for rapid subculturing and antibiotic testing, 372
HILSON, G. R. F., and ELEK, S. D.: Centrifugal filter for sterilizing small amounts of fluid, 67
HOWELLS, G. H., and FRIEDMANN, I.: Giant cell granuloma associated with lesions resembling polyarteritis nodosa, 220
Hutchison's syndrome, bone marrow in, 230
Hypopituitarism in a male due to giant cell granuloma of anterior pituitary, 122

I

Inoculation rack, simple, 372

J

JULIUS, H. W., and ALSCHE, W. J.: Agar-rope technique for estimating penicillin in liquids, 51

K

KEYSER, J. W.: Serum tryptophane-perchloric acid reaction as a measure of tissue destruction, 106
KING, E. J., and COXON, R. V.: Determination of bilirubin with precipitation of the plasma proteins, 248
KNOX, R., *see* COOK, G. T., and KNOX, R.

L

Larvae of *Linguatula serrata*, human infestation by, 212
LAWRENCE, J. S.: Plasma viscosity, 332
LAZARUS-BARLOW, P.: Two-syringe method for exchange blood transfusion, 77
Leucocyte count in blood from the ear, fortuitous factors affecting the, 146
—— —— differential, multiple manual register for, 161
LEVIN, B., OBERHOLZER, V. G., and WHITEHEAD, T. P.: Serum protein fractions: a comparison of precipitation methods with electrophoresis, 260
—— —— —— Simple visual turbidimetric estimation of serum gamma globulin, 284
Linguatula serrata, human infestation by, 212
LITTLEJOHN, G. T., *see* PERRIN, J., and LITTLEJOHN, G. T.
LUCEY, H. C.: Fortuitous factors affecting the leucocyte count in blood from the ear, 146
Lymphopenia, common causes of, 321
LYNCH, M. J. G: Effect of para-amino-salicylic acid on prothrombin time, 114

M

Magnetically operated blood cell pipette shaker, 367
MALLARMÉ, J., *see* PINEY, A., MALLARMÉ, J., and ROSS, M. S.
Manual register for differential leucocyte counts, multiple, 161
MARKS, J., BAILEY, N. T. J., and GUNZ, F. W.: Mechanical aid in making blood films, 168
Marrow cultures, multiple, from a single aspirate, 157
MARTIN, N. H., MORRIS, R., and SMITH, M.: Fractionation of serum proteins using sodium sulphate, 266
Mechanical aid in making blood films, 168
Media, bacteriological, some effects of nitrates in, 356
Meningeal tumours: a review, 191
MERSKEY, C.: Consumption of prothrombin during coagulation: the defect in haemophilia and thrombocytopenic purpura, 130
—— Laboratory diagnosis of haemophilia, 301
Microtechnique for blood cultures, 74
MOLLA, W., *see* CARLINFANTI, E., and MOLLA, W.
MORRIS, R., *see* MARTIN, N. H., MORRIS, R., and SMITH, M.
MUKHERJEE, C. L., and GOVAN, A. D. T.: Nature of the tissue fluid in the oedema of toxaemia of pregnancy, 274
Museum techniques: a review, 1

N

Neoplastic cells in sputum, diagnosis of, by two new methods, 40
Nicotinic acid, daily excretion by normals, 69
Nitrate reduction, plate test for, 359
Nitrates in bacteriological media, some effects of, 356

O

OVERHOLZER, V. G., *see* LEVIN, B., OBERHOLZER, V. G., and WHITEHEAD, T. P.
—— *see* LEVIN, B., OBERHOLZER, V. G., and WHITEHEAD, T. P.
Oedema of toxaemia of pregnancy, nature of tissue fluid in the, 274
OELBAUM, M. H., and WAINWRIGHT, J.: Hypopituitarism in a male due to giant cell granuloma of the anterior pituitary, 122

P

Pantothenic acid, daily excretion by normals, 69
Para-amino-salicylic acid, effect on prothrombin time, 114
PARRY, K. C.: Blood pipette shaking machine mark II, 370
—— *see* SANDERS, C., PARRY, K. C., BENNETT, A. E., and GEISOW, J. C. H.
—— and SIMMONDS, G. E.: Blood pipette shaking machine, 164
Penicillin in liquids, agar-rope technique for estimating, 51
PERRIN, J., and LITTLEJOHN, G. T.: Diagnosis of neoplastic cells in sputum by two new methods, 40
Photometer, a bridge circuit, vacuum tube, 65
Photometric methods for use in the Wassermann reaction, improved, 56
PINEY, A., MALLARMÉ, J., and ROSS, M. S.: Bone marrow in Hutchison's syndrome, 230
Pipette, blood, shaking machine mark II, 370
—— shaker, blood cell, magnetically operated, 367
—— shaking machine, 164
Pituitary, anterior, hypopituitarism in male due to giant cell granuloma of, 122
—— disease, creatine and guanidoacetic acid metabolism in, 345
Plasma proteins, determination of bilirubin with precipitation of, 248
—— viscosity, 332
Plate test for nitrate reduction, 359
Polyarteritis nodosa, giant cell granuloma associated with lesions resembling, 220
Precipitation methods for estimation of serum proteins, 260
Pregnancy toxaemia, nature of tissue fluid in the oedema of, 274
Pregnanediol in urine, gravimetric determination of, 287
Protein fractions, serum: a comparison of precipitation methods with electrophoresis, 260
—— precipitation, bilirubin estimation with, 248
Prothrombin consumption during coagulation, 130
—— time, effect of para-amino-salicylic acid on, 114
PRUNTY, F. T. G.: Techniques for the evaluation of adrenal cortical function by the use of adrenocorticotrophin: a review, 87
PULVERTAFT, R. J. V.: Museum techniques: a review, 1
Purpura, thrombocytopenic, prothrombin consumption defect in, 130

R

Rack, simple inoculation, 372
RAPPAPORT, F., and GLIKIN, T.: Microtechnique for blood cultures, 74
Red bone marrow in heart failure, 24
Renal threshold for bilirubin, 271
Rh grouping, an easy technique for, 159
Riboflavin, biotin, pantothenic acid, and nicotinic acid derivatives, the daily excretion of, by normals, 69
ROBINSON, J. R.: Urinary excretion of carbonic anhydrase: a simple test for the detection of intravascular haemolysis, 142
ROSS, M. S., *see* PINEY, A., MALLARMÉ, J., and ROSS, M. S.
RUSSELL, D. S.: Meningeal tumours: a review, 191

S

Salicylate in serum, simple estimation of, 289
SANDERS, C., and BENNETT, A. E.: Multiple manual register for differential leucocyte counts, 161
—— PARRY, K. C., BENNETT, A. E., and GEISOW, J. C. H.: Magnetically operated blood cell pipette shaker, 367
SELWYN, J. G., and DARK, F. A.: Identification of barbiturate drugs in gastric contents and urine, 152
Sensitivity, antibiotic, dried disc technique for, 118
Serum, simple estimation of salicylate in, 289
—— gamma globulin, simple visual turbidimetric estimation of, 284
—— protein fractions: a comparison of precipitation methods with electrophoresis, 260
—— —— fractionation of, using sodium sulphate, 266
—— tryptophane-perchloric acid reaction as a measure of tissue destruction, 106
Shaker, blood cell pipette, magnetically operated, 367
Shaking machine, blood pipette, 164
—— —— blood pipette, mark II, 370
SHILLINGFORD, J. P.: Red bone marrow in heart failure, 24
SHILLITOE, A. J.: Common causes of lymphopenia, 321
SIMMONDS, G. E., *see* PARRY, K. C., and SIMMONDS, G. E.
SMITH, M., *see* MARTIN, N. H., MORRIS, R., and SMITH, M.
Sodium sulphate, fractionation of serum proteins using, 266
Sputum, diagnosis of neoplastic cells in, 40
Sterilizing of small amounts of fluid, centrifugal filter for, 67
Subculturing, simple inoculation rack and modified technique for rapid, 372
SYMMERS, W. ST. C., and VALTERIS, K.: Two cases of human infestation by larvae of *Linguatula serrata*, 212

T

TARNOKY, A. L., and BREWS, V. A. L.: Simple estimation of salicylate in serum, 289
THOMPSON, B. A.: Dried disc technique for determining sensitivity to the antibiotics, 118
THOMPSON, R. B.: Multiple marrow cultures from a single aspirate, 157
Thrombocytopenic purpura, prothrombin consumption defect in, 130
Tissue destruction, serum tryptophane-perchloric acid reaction as a measure of, 106
Thyroid tissue, aberrant, in the trachea, 48
Tissue fluid in the oedema of toxaemia of pregnancy, nature of, 274
Titration of haemagglutinins, technique for, 72
TOMPSETT, S. L.: Gravimetric determination of pregnanediol in urine, 287
—— *see* FITZPATRICK, J., and TOMPSETT, S. L.
Toxaemia of pregnancy, nature of tissue fluid in the oedema of, 274
Trachea, case of aberrant thyroid tissue in, 48
Tryptophane-perchloric acid reaction, serum, as measure of tissue destruction, 106
Turbidimetric estimation of serum gamma globulin, simple visual, 284
Two-syringe method for exchange blood transfusion, 77

U

Urinary excretion of carbonic anhydrase, 142
Urine, gravimetric determination of pregnanediol in, 287
—— identification of barbiturate drugs in, 152

V

VALTERIS, K., *see* SYMMERS, W. ST. C., and VALTERIS, K.
VICKERS, H. E.: Renal threshold for bilirubin, 271
Viscosity, plasma, 332

W

WAINWRIGHT, J., *see* OELBAUM, M. H., and WAINWRIGHT, J.
Wassermann reaction, improved photometric methods for use in the, 56
WHILLANS, D.: Improved photometric methods for use in the Wassermann reaction, 56
WHITEHEAD, T. P., *see* LEVIN, B., OBERHOLZER, V. G., and WHITEHEAD, T. P.
—— *see* LEVIN, B., OBERHOLZER, V. G., and WHITEHEAD, T. P.
WILKINSON, A. E.: Destructive effect of traces of zinc salts on complement, 363
WOOTTON, I. D. P.: Easy technique for Rh grouping, 159

Z

Zinc salts, destructive effect on complement, 363
